Card Name	Question	Answer
Basic Rules	Can I place my deck and reveal my Leader card in any order?	No. After you and your opponent place your decks, you will then reveal your Leader cards to each other.
Basic Rules	Are there any rules regarding the order in which Life cards are placed?	Yes, there are. Place the card at the top of your deck so that it is at the bottom of your Life cards.
Basic Rules	What happens to a Character when its power is reduced to 0 or less by an effect?	The Character remains on the field with a power of 0 or less.
Basic Rules	Can I transfer a DON!! card already given to a Character to another Character during the Main Phase?	No, you cannot.
Basic Rules	Can I play another Stage card if there is already a Stage card on my field?	Yes, you can. You will need to reveal the Stage card being played, pay the cost, trash the card already in the Stage area, and then place the new Stage card in the Stage area.

Is there a limit to the number of cards I can have in my hand? What happens if an effect that gives –10000 power is activated against a Character with 6000 power? Basic Rules What happens if I DONII card is given to a Character that currently has –4000 power? Basic Rules Can a Character's cost be less than 0? No, it cannot. When a Character's cost falls below 0, treated as 0. If a Character is on the field with negative cost and then returned to my hand, can I play that Character at negative cost and then returned to my hand, can I play that Character at negative cost was subject to in the regional area.
Basic Rules What happens if an effect that gives —10000 power is activated against a Character with 6000 power? Basic Rules What happens if 1 DON!! card is given to a Character that currently has —4000 power? Basic Rules Can a Character's cost be less than 0? No, it cannot. When a Character's cost falls below 0, treated as 0. If a Character is on the field with negative cost and then No, you cannot. When a Character subject to some a returned to my hand, can I play that Character at negative is moved from one area to another, it loses the effect.
What happens if an effect that gives –10000 power is activated against a Character with 6000 power? Basic Rules What happens if 1 DON!! card is given to a Character that currently has –4000 power? Basic Rules Can a Character's cost be less than 0? No, it cannot. When a Character's cost falls below 0, treated as 0. If a Character is on the field with negative cost and then returned to my hand, can I play that Character at negative is moved from one area to another, it loses the effect is moved from one area to another, it loses the effect is moved from one area to another, it loses the effect is moved from one area to another, it loses the effect is moved from one area to another, it loses the effect is moved from one area to another, it loses the effect is moved from one area to another, it loses the effect is moved from one area to another, it loses the effect is moved from one area to another, it loses the effect is moved from one area to another, it loses the effect is moved from one area to another, it loses the effect is moved from one area to another, it loses the effect is moved from one area to another, it loses the effect is moved from one area to another, it loses the effect is moved from one area to another, it loses the effect is moved from one area to another, it loses the effect is moved from one area to another, it loses the effect is moved from one area to another.
What happens if an effect that gives –10000 power is activated against a Character with 6000 power? Basic Rules What happens if 1 DON!! card is given to a Character that currently has –4000 power? Basic Rules Can a Character's cost be less than 0? No, it cannot. When a Character's cost falls below 0, treated as 0. If a Character is on the field with negative cost and then returned to my hand, can I play that Character at negative is moved from one area to another, it loses the effect is moved from one area to another, it loses the effect is moved from one area to another, it loses the effect is moved from one area to another, it loses the effect is moved from one area to another, it loses the effect is moved from one area to another, it loses the effect is moved from one area to another, it loses the effect is moved from one area to another, it loses the effect is moved from one area to another, it loses the effect is moved from one area to another, it loses the effect is moved from one area to another, it loses the effect is moved from one area to another, it loses the effect is moved from one area to another, it loses the effect is moved from one area to another, it loses the effect is moved from one area to another, it loses the effect is moved from one area to another, it loses the effect is moved from one area to another, it loses the effect is moved from one area to another.
What happens if an effect that gives –10000 power is activated against a Character with 6000 power? Basic Rules What happens if 1 DON!! card is given to a Character that currently has –4000 power? Basic Rules Can a Character's cost be less than 0? No, it cannot. When a Character's cost falls below 0, treated as 0. If a Character is on the field with negative cost and then returned to my hand, can I play that Character at negative is moved from one area to another, it loses the effect is moved from one area to another, it loses the effect is moved from one area to another, it loses the effect is moved from one area to another, it loses the effect is moved from one area to another, it loses the effect is moved from one area to another, it loses the effect is moved from one area to another, it loses the effect is moved from one area to another, it loses the effect is moved from one area to another, it loses the effect is moved from one area to another, it loses the effect is moved from one area to another, it loses the effect is moved from one area to another, it loses the effect is moved from one area to another, it loses the effect is moved from one area to another, it loses the effect is moved from one area to another, it loses the effect is moved from one area to another, it loses the effect is moved from one area to another, it loses the effect is moved from one area to another.
Basic Rules What happens if 1 DON!! card is given to a Character that currently has –4000 power? Basic Rules Can a Character's cost be less than 0? No, it cannot. When a Character's cost falls below 0, treated as 0. If a Character is on the field with negative cost and then returned to my hand, can I play that Character at negative is moved from one area to another, it loses the effective of the company of the character at negative is moved from one area to another, it loses the effective of the character at negative is moved from one area to another, it loses the effective of the character at negative is moved from one area to another, it loses the effective of the character at negative is moved from one area to another, it loses the effective of the character at negative is moved from one area to another, it loses the effective of the character at negative is moved from one area to another, it loses the effective of the character at negative is moved from one area to another, it loses the effective of the character at negative is moved from one area to another, it loses the effective of the character at negative is moved from one area to another, it loses the effective of the character at negative is moved from one area to another, it loses the effective of the character at negative is moved from one area to another, it loses the effective of the character at negative is moved from one area to another.
Basic Rules What happens if 1 DON!! card is given to a Character that currently has –4000 power? Basic Rules Can a Character's cost be less than 0? No, it cannot. When a Character's cost falls below 0, treated as 0. If a Character is on the field with negative cost and then returned to my hand, can I play that Character at negative is moved from one area to another, it loses the effective of the company of the character at negative is moved from one area to another, it loses the effective of the character at negative is moved from one area to another, it loses the effective of the character at negative is moved from one area to another, it loses the effective of the character at negative is moved from one area to another, it loses the effective of the character at negative is moved from one area to another, it loses the effective of the character at negative is moved from one area to another, it loses the effective of the character at negative is moved from one area to another, it loses the effective of the character at negative is moved from one area to another, it loses the effective of the character at negative is moved from one area to another, it loses the effective of the character at negative is moved from one area to another, it loses the effective of the character at negative is moved from one area to another, it loses the effective of the character at negative is moved from one area to another.
Basic Rules What happens if 1 DON!! card is given to a Character that currently has -4000 power? Basic Rules Can a Character's cost be less than 0? No, it cannot. When a Character's cost falls below 0, treated as 0. If a Character is on the field with negative cost and then returned to my hand, can I play that Character at negative is moved from one area to another, it loses the effective of the company of the company of the character at negative is moved from one area to another, it loses the effective of the character at negative is moved from one area to another, it loses the effective of the character at negative is moved from one area to another, it loses the effective of the character at negative is moved from one area to another, it loses the effective of the character at negative is moved from one area to another, it loses the effective of the character at negative is moved from one area to another, it loses the effective of the character at negative is moved from one area to another, it loses the effective of the character at negative is moved from one area to another, it loses the effective of the character at negative is moved from one area to another, it loses the effective of the character at negative is moved from one area to another, it loses the effective of the character at negative is moved from one area to another.
Basic Rules What happens if 1 DON!! card is given to a Character that currently has -4000 power? Basic Rules Can a Character's cost be less than 0? No, it cannot. When a Character's cost falls below 0, treated as 0. If a Character is on the field with negative cost and then returned to my hand, can I play that Character at negative is moved from one area to another, it loses the effective of the company of the company of the character at negative is moved from one area to another, it loses the effective of the character at negative is moved from one area to another, it loses the effective of the character at negative is moved from one area to another, it loses the effective of the character at negative is moved from one area to another, it loses the effective of the character at negative is moved from one area to another, it loses the effective of the character at negative is moved from one area to another, it loses the effective of the character at negative is moved from one area to another, it loses the effective of the character at negative is moved from one area to another, it loses the effective of the character at negative is moved from one area to another, it loses the effective of the character at negative is moved from one area to another, it loses the effective of the character at negative is moved from one area to another.
Basic Rules What happens if 1 DON!! card is given to a Character that currently has –4000 power? Basic Rules Can a Character's cost be less than 0? No, it cannot. When a Character's cost falls below 0, treated as 0. If a Character is on the field with negative cost and then returned to my hand, can I play that Character at negative is moved from one area to another, it loses the effective of the company of the company of the character at negative is moved from one area to another, it loses the effective of the character at negative is moved from one area to another, it loses the effective of the character at negative is moved from one area to another, it loses the effective of the character at negative is moved from one area to another, it loses the effective of the character at negative is moved from one area to another, it loses the effective of the character at negative is moved from one area to another, it loses the effective of the character at negative is moved from one area to another, it loses the effective of the character at negative is moved from one area to another, it loses the effective of the character at negative is moved from one area to another, it loses the effective of the character at negative is moved from one area to another, it loses the effective of the character at negative is moved from one area to another.
Basic Rules What happens if 1 DON!! card is given to a Character that currently has -4000 power? Basic Rules Can a Character's cost be less than 0? No, it cannot. When a Character's cost falls below 0, treated as 0. If a Character is on the field with negative cost and then returned to my hand, can I play that Character at negative is moved from one area to another, it loses the effective of the company of the company of the character at negative is moved from one area to another, it loses the effective of the character at negative is moved from one area to another, it loses the effective of the character at negative is moved from one area to another, it loses the effective of the character at negative is moved from one area to another, it loses the effective of the character at negative is moved from one area to another, it loses the effective of the character at negative is moved from one area to another, it loses the effective of the character at negative is moved from one area to another, it loses the effective of the character at negative is moved from one area to another, it loses the effective of the character at negative is moved from one area to another, it loses the effective of the character at negative is moved from one area to another, it loses the effective of the character at negative is moved from one area to another.
Basic Rules What happens if 1 DON!! card is given to a Character that currently has -4000 power? Basic Rules Can a Character's cost be less than 0? No, it cannot. When a Character's cost falls below 0, treated as 0. If a Character is on the field with negative cost and then returned to my hand, can I play that Character at negative is moved from one area to another, it loses the effective of the company of the character are negative.
What happens if 1 DON!! card is given to a Character that currently has -4000 power? Basic Rules Can a Character's cost be less than 0? No, it cannot. When a Character's cost falls below 0, treated as 0. If a Character is on the field with negative cost and then returned to my hand, can I play that Character at negative is moved from one area to another, it loses the effective is moved from one area to another, it loses the effective is moved from one area to another, it loses the effective is moved from one area to another, it loses the effective is moved from one area to another, it loses the effective is moved from one area to another, it loses the effective is moved from one area to another, it loses the effective is moved from one area to another, it loses the effective is moved from one area to another, it loses the effective is moved from one area to another, it loses the effective is moved from one area to another, it loses the effective is moved from one area to another, it loses the effective is moved from one area to another, it loses the effective is moved from one area to another, it loses the effective is moved from one area to another, it loses the effective is moved from one area to another, it loses the effective is moved from one area to another, it loses the effective is moved from the interval is moved from one area to another.
What happens if 1 DON!! card is given to a Character that currently has -4000 power? Basic Rules Can a Character's cost be less than 0? No, it cannot. When a Character's cost falls below 0, treated as 0. If a Character is on the field with negative cost and then returned to my hand, can I play that Character at negative is moved from one area to another, it loses the effective is moved from one area to another, it loses the effective is moved from one area to another, it loses the effective is moved from one area to another, it loses the effective is moved from one area to another, it loses the effective is moved from one area to another, it loses the effective is moved from one area to another, it loses the effective is moved from one area to another, it loses the effective is moved from one area to another, it loses the effective is moved from one area to another, it loses the effective is moved from one area to another, it loses the effective is moved from one area to another, it loses the effective is moved from one area to another, it loses the effective is moved from one area to another, it loses the effective is moved from one area to another, it loses the effective is moved from one area to another, it loses the effective is moved from one area to another, it loses the effective is moved from the interval is moved from one area to another.
What happens if 1 DON!! card is given to a Character that currently has -4000 power? Basic Rules Can a Character's cost be less than 0? No, it cannot. When a Character's cost falls below 0, treated as 0. If a Character is on the field with negative cost and then returned to my hand, can I play that Character at negative is moved from one area to another, it loses the effective is moved from one area to another, it loses the effective is moved from one area to another, it loses the effective is moved from one area to another, it loses the effective is moved from one area to another, it loses the effective is moved from one area to another, it loses the effective is moved from one area to another, it loses the effective is moved from one area to another, it loses the effective is moved from one area to another, it loses the effective is moved from one area to another, it loses the effective is moved from one area to another, it loses the effective is moved from one area to another, it loses the effective is moved from one area to another, it loses the effective is moved from one area to another, it loses the effective is moved from one area to another, it loses the effective is moved from one area to another, it loses the effective is moved from one area to another, it loses the effective is moved from the interval is moved from one area to another.
What happens if 1 DON!! card is given to a Character that currently has -4000 power? Basic Rules Can a Character's cost be less than 0? No, it cannot. When a Character's cost falls below 0, treated as 0. If a Character is on the field with negative cost and then returned to my hand, can I play that Character at negative is moved from one area to another, it loses the effective is moved from one area to another, it loses the effective is moved from one area to another, it loses the effective is moved from one area to another, it loses the effective is moved from one area to another, it loses the effective is moved from one area to another, it loses the effective is moved from one area to another, it loses the effective is moved from one area to another, it loses the effective is moved from one area to another, it loses the effective is moved from one area to another, it loses the effective is moved from one area to another, it loses the effective is moved from one area to another, it loses the effective is moved from one area to another, it loses the effective is moved from one area to another, it loses the effective is moved from one area to another, it loses the effective is moved from one area to another, it loses the effective is moved from one area to another, it loses the effective is moved from the interval is moved from one area to another.
Can a Character's cost be less than 0? Ro, it cannot. When a Character's cost falls below 0, treated as 0. If a Character is on the field with negative cost and then returned to my hand, can I play that Character at negative is moved from one area to another, it loses the effect
Can a Character's cost be less than 0? Ro, it cannot. When a Character's cost falls below 0, treated as 0. If a Character is on the field with negative cost and then returned to my hand, can I play that Character at negative is moved from one area to another, it loses the effect
Can a Character's cost be less than 0? Ro, it cannot. When a Character's cost falls below 0, treated as 0. If a Character is on the field with negative cost and then returned to my hand, can I play that Character at negative is moved from one area to another, it loses the effect

	TE and a second based 1.10	N 1
	If my opponent has 1 Life card, can I win the game by using a [Double Attack] to deal 2 damage?	No, you cannot.
Keyword Effects		
	Can I add a card to my hand without activating its	Yes, you can.
	[Trigger]?	res, you can.
Keyword Effects		
	hand" or "Trash up to 1 card from the top of your Life	No, you cannot. - [Trigger] effects can only be activated upon taking damage.
Keyword Effects	cards", can I activate that [Trigger] effect?	
	If an effect states "up to" a specified number of cards, can I choose 0 cards?	Yes, you can choose 0 cards.
Basic Rules		
	Can I activate the effect of a card with a credified toward if	Voc. you can However, nothing will happen in that case
	Can I activate the effect of a card with a specified target if that target is not present at that time?	res, you can. nowever, nothing will happen in that case.
Basic Rules		
	Where an effect that states "during this turn" is activated	Yes, it is valid.
	and resolved by an [Activate: Main] or other effect, is that "during this turn" effect still valid during the turn if the card that activated that effect is moved to another area?	i co, ic is valia.
Basic Rules		

Basic Rules	When adding a Life card to my hand upon taking damage, the Event card had a [Trigger] effect so I activated that Event card's [Trigger] effect instead of adding it to my hand. In this case, will effects that state "when you activate an Event" be activated? When text refers to 1 card from the top or bottom of the Life cards, what card is it referring to?	No, they will not. It is referring to the card at the very top or very bottom of the Life cards.
Basic Rules		
Basic Rules	When directed to place a card at the top or bottom of the Life cards, where should I place the card?	Place the card at the very top or very bottom of the Life cards. If there are no cards in the Life area, place the card in the Life area. The card must be placed face-down unless you are directed otherwise.
Basic Rules	When I add a card from my deck to my Life cards, can I or my opponent look at that card?	No, you cannot.
Basic Rules	Can I activate the Trigger of a card placed face-up in my Life area?	Yes, you can.
Basic Rules	During online regionals and other online matches, when a card effect allows me to look at my opponent's Life card(s), what is the proper procedure?	For upcoming English version online events only, this effect will be treated as "Look at up to 1 card from the top of your life cards, or your opponent reveals up to 1 card from the top of their life cards." in order to accommodate for the practical limitations of a webcam tournament.

	T	I
Advanced Rules	Where an effect states "Look at up to 1 card from the top of your or your opponent's Life cards, and place it at the top or bottom of the Life cards.", can I look at a card from the top of my Life cards, and place it at the top or bottom of my opponent's Life cards?	No, you cannot. After looking at the Life card, place it at the top or bottom of that card's owner's Life cards.
Advanced Rules	Where an effect states "Look at up to 1 card from the top of your or your opponent's Life cards, and place it at the top or bottom of the Life cards.", can I look at a card from the top of my opponent's Life cards, and place it at the top or bottom of my Life cards?	No, you cannot. After looking at the Life card, place it at the top or bottom of that card's owner's Life cards.
Basic Rules	Can DON!! cards given to Characters or Leaders, or DON!! cards in the DON!! deck be set as active or rested according to effects?	No, they cannot.
Keyword Effects	I have taken 2 damage from my opponent's Character with [Double Attack]. If the card from the first damage has a [Trigger], do I activate this [Trigger] effect before the second damage is dealt?	Yes, the [Trigger] is activated before the second damage is dealt. If you still have 1 or more Life cards left after you have activated the [Trigger] effect from the first damage, check a Life card according to the second damage.
Keyword Effects	When I activate [OP03-074: Top Knot]'s [Trigger] effect "Activate this card's [Main] effect.", can I activate the [Main] effect without paying its "DON!! –2" activation cost?	No, you cannot.
Keyword Effects	Which activates first, the [When Attacking] effect of a card that has attacked on my opponent's turn or my [On Your Opponent's Attack] effect?	Your opponent's [When Attacking] efect activates first.

Keyword Effects	If I have a card with an [On Your Opponent's Attack] effect on my field and my opponent targets a different card to attack, can I still activate the [On Your Opponent's Attack] effect?	Yes, you can.
Advanced Rules	If a Leader with the effect "This Leader is treated as a card with all card names, types, and attributes." attacks a Character with the effect "This Character cannot be K.O.'d in battle by <slash> attribute cards.", can that Leader K.O. that Character in battle?</slash>	No, it cannot.
Advanced Rules	Can a Leader with the effect "This Leader is treated as a card with all card names, types, and attributes." fulfill the effect condition "If your Leader has the {XX} type"?	Yes, it can.
Advanced Rules	Can a Leader with the effect "This Leader is treated as a card with all card names, types, and attributes." fulfill the effect condition "If your Leader's type includes "XX""?	Yes, it can.
Advanced Rules	If my Leader has the effect "This Leader is treated as a card with all card names, types, and attributes.", can my [OP04-005 Kung Fu Jugon] on the field gain [Blocker] according to the effect "If you have a [Kung Fu Jugon] other than this Character, this Character gains [Blocker]."?	Yes, it can.
